Rome, Aug 16. *N. S.*

THe Difference between the Emperor and the Pope about certain Fiefs within the Eccleſiaſtical State, is not yet adjuſted, and it's ſaid, that Cardinal *Grimany* will be ſent to *Vienna* to endeavour an Amical Compoſure of this Matter. The French Gallies under the Command of the Bailly of *Noailles*, continue at *Civita Vecchia*, but intend to Sail with the firſt fair Wind for *Naples*; The Pope has ſent the Bailly a Preſent of Wine and other Refreſhments. The Queen-Dowager of *Poland* is ſhortly expected here, and the Palace of *Odeſcalchi* is preparing for her Reception.

Milan, Aug. 20. The Prince of *Vaudemont* intends to take a Review of the Forces of this State on the 25th inſtant. We hear from *Turin*, That the Duke of *Savoy* is returned thither from the Baths at St. *Maurice*, and that he has appointed the Count of *Verone* to go as his Ambaſſador to the French Court.

Venice, Aug. 22. The Senate have been ſeveral times aſſembled to conſider of the Propoſals that are made for Treating of a Peace with the Turks. And they have appointed Signior *Nicolozi*, one of their Secretaries, to go and aſſiſt Signior *Ruzzini* their Ambaſſador at *Vienna*, in Managing this Negociation. By the laſt Letters from the *Levant* we have an Account, That the Turkiſh Fleet lay ſtill within the *Dardanelle*'s, and that the Venetian Fleet was Cruiſing in the *Archipelago*, where they had plundered the Iſlands of *Lemnos* and *Scio*, and had taken a Veſſel laden with Ammunition and Proviſions for the Service of the Turkiſh Fleet.

Lemberg, Aug. 15. The Czar of *Muſcovy* arrived here the 10th inſtant, and the next day went to meet the King of *Poland* at *Rawa*, a place about 7 miles diſtant from hence. They had ſeveral private Conferences together; and the Czar went with the King to view his German Forces which lay encamped near that place. On the 14th the Czar took his Leave of the King of *Poland*, and ſet out for *Moſcow* by the way of *Knod*; And the 15th the King made his Entry into this City. The Crown-General, who waited on the King at *Rawa*, is returned to the Camp at *Monaſterzick*. We daily expect the King's Forces from *Hungary*, which according to our laſt Advices are come to *Samber* on the Frontiers of *Ruſland*; and it is believed, that as ſoon as they are arrived, the Army will march to form the Siege of *Caminiec*, if the great Rains we have lately had do not render it impracticable.

Vienna, Aug. 23. Divers Conferences have been lately held at this Court concerning the Buſineſs of the Peace, and it's believed, Mr. *Schreyer*, my Lord *Paget*'s Secretary will be diſpatch'd back in 3 or 4 dayes; and that before he goes the Emperor will name Ambaſſadors to aſſiſt on his part at the Treaty, who are deſigned to be at *Peterwardin* about the middle of the next Month. The Ambaſſador of *Venice* will go thither at the ſame time; and in all appearance this great work will be finiſhed in a ſhort time, upon the Foundation of each ſide's keeping what they are Poſſeſs'd of at preſent. In the mean time we have an account, that my Lord *Paget* and the *Dutch* Ambaſſador are come to *Belgrade*, being attended by two Companies of Janiſaries, and by Officers purpoſely appointed by the Grand Seignior to take care of providing them with Conveniencies in their Journey. The Grand Viſier, and the Cham of *Tartary* with the Forces under their Command, Arrived the 12th at *Semendria*. The Viſier left them Encamped there on the 14th and came to *Belgrade* to view the Fortifications of that place, and the *Turkiſh* Troops that are Poſted along the *Danube* and the *Save* to ſecure the Bridges they have made over theſe Rivers; after which he returned to the Camp at *Semendria*. The Imperial Army continued according to our laſt Advices in their Camp near *Illock*, where they were joyned the 13th and 14th by two Regiments of Dragoons, and four of Horſe, and the Reſt of the Troops that are ſtill behind are daily expected; after whoſe Arrival, Prince *Eugene* intends to March towards *Peterwaraden*; but it is not expected that any thing of Moment will be attempted by the Armies on either ſide till it be ſeen what may be the Succeſs of the Negotiation of the Peace now on Foot, for the concluding of which, the Gand Viſier is ſaid to have very ample Powers.

Francfort, Aug. 31. The States of *Franconia* are now aſſembled at *Bareith* to conſider what number of Forces will be neceſſary to be kept on Foot in time of Peace, and to raiſe Money for maintaining them, to which the ſeveral Cities within this Circle are to Contribute their reſpective Quota's. The Elector of *Mentz* returned thither on the 29th inſtant from *Oberſtinheym*, and deſigns in few days to go to the Baths at *Embs*.

Bruſſels, Sept. 4. The Elector of *Bavaria* has made an Agreement with Monſieur *Dyckvelt* about providing the Spaniſh Frontier Towns in the *Netherlands* with a conſiderable quantity of Proviſions and Ammunition; and the States of *Holland* have engaged to Lend the Money which may be neceſſary for this Service. The States of the Province of *Luxemburg* make ſome difficulty to pay their Quota of the Arrears due to the Forces of *Brandenburg*, by reaſon that Province was not yet Evacuated by the French when the ſaid Troops quitted the Service of *Spain*, but it is beleived this matter will ſoon be adjuſted.
